John McNally | Principal

10th February 2017

Dear Parent/Carer,

As part of Shelley College's reward system, each year we organise an Activity Day on the last Thursday of the summer term. This is a reward to our Year 9 and 10 students for their commitment to learning throughout the academic year. Last year the day was an overwhelming success and we will be running similar trips on Thursday 20th July 2017.

The purpose of this letter is to give your son/daughter time to take a look at the trips. There are a range of trips to cater for all price ranges, interests and abilities. A page on our school website will also be created in due course with information about the trips and whether or not it requires parents to sign a disclaimer due to the nature of the activity. Please see the overleaf for details and costs of each trip; the cost price includes insurance, transport and the activity.

Trip places are allocated to students based on their Performance Points accrued over the academic year. **Easter is the cut off point for performance points and therefore students have another seven weeks to gain as many performance points as possible.** On the 3rd April your son/daughter will receive their letter to select their 1st, 2nd and 3rd choice activity and complete details of medical conditions and emergency contacts. We will try our best to allocate one of their three choices, however, if they have a relatively low number of Performance Points this cannot be guaranteed. The purpose of this is to recognise and reward students' commitment to learning throughout the academic year. The deadline for return of these letters is the 26th April.

During the week beginning 8th May students will receive a letter with the details of the activity they have been allocated. Payments must then be made online by the 26th May and any disclaimers for trips should be returned by this date at the very latest.

Attendance on this day is compulsory for all students. We hope the students will enjoy this opportunity to have an exciting day with their friends as a reward for all their hard work this academic year.

Yours faithfully,

Mrs J Carr
Vice Principal

Part of the Share Multi Academy Trust
